Incident reports 17  
    Injury – 16 (2 Major)  
    Complaint – 1

Youth Protection – 3  
PRC exemption - 1

YTD 613 total reports

**Weekly Incident Report:** Several reports have been received this week involving injuries from youth getting hurt on playground equipment. Two concussions, a fractured humerus, and a dislocated shoulder are among the more serious injuries reported.

**Safe Scouting's Tip for Success:** Most meeting places either have or are close to swings, teeter-totters, jungle gyms, spring riders, slides, merry-go-rounds or other type of recreational equipment designed to promote fun and play for children. Injury prevention is always a priority, but no amount of precaution will prevent an injury if the play is unsafe or unsupervised. Help make sure youth are using the equipment in the way in which it was designed to be used.
